Petition to the Government of Canada

WHEREAS
We oppose the legislative provisions in the Act to implement certain provisions of the budget tabled in Parliament on March 29, 2012 and other measures (formerly known as Bill C-38) regarding the power to define “suitable employment,” the power to define “reasonable and customary efforts to obtain employment” and the creation of a social security tribunal because:
1. these provisions will weaken entire economic sectors across the country and penalize seasonal workers and regional workers; and
2. these measures do not improve access to employment insurance or the ability to match workers’ skills with available jobs.

We, the undersigned, citizens of Canada, **call on** the Government of Canada to

repeal the above legislative provisions in the Act to implement certain provisions of the budget tabled in Parliament on March 29, 2012 and other measures (formerly known as Bill C-38) as quickly as possible.
