STOP THE PANNED CLOSURE OF THE WINDSOR VETERANS AFFAIRS OFFICE

PETITION TO THE GOVERNMENT OF CANADA

We, the undersigned, petition the Government of Canada to take the following action:

That the Government of Canada cancels its planned closure of the Windsor District Veterans Affairs Office

Whereas, citizens in the region of Windsor and Essex County have contributed significantly to Canadian war efforts in the past.
Whereas, Canadian war veterans deserve the upmost standard of care, which includes access to front line services.
Whereas, veterans residing in the Windsor area will be required to travel further to acquire all of the front line services they currently receive at their district offices.
Whereas, the approach taken by the government to redirect veterans to the Veteran Affairs Canada phone line, website or mobile application is not an appropriate approach to serving our veterans.
Therefore, be it resolved that we the undersigned strongly urge the Government of Canada to cancel its planned closure of the Windsor District Veterans Affairs Office.
